Organization's uniqueness.	PauLoF organization is unique in the sense that the provision of teaching learning materials for learners and teachers are seldomly met in the target counties of the organization.
Need statement	<p>Paul Lonyuduk Foundation (PauLoF) was established on November 19th, 2021, since then the Organization is starting its task of education development services. The organization was founded by Rev. Fr. Dr Paul Lonyuduk Ngirerea who is a teacher and a priest by profession. He is Qualified and possesses a Master's Degree in Early Childhood and Development Education from Kenyatta University in Kenya, a bachelors' degree in Early Childhood and Development Education from Kenyatta University in Kenya, a Diploma in Early Childhood and Development Education from Orthodox Teacher's College of Africa in Kenya, a Diploma in Theology from Orthodox Ecclesiastical Seminary in Nairobi-Kenya and a Honorary PhD in Leadership from Logos International Bible University (LIBU), Kenya. Currently, Dr Paul Lonyuduk is the Director of Akwanga Academy, St. John Favours Academy, Ward Education Officer Turkwel Ward in Loima Sub-County in Turkana County, Chairperson KPSA - Turkana central and Loima Sub-counties, KPSA Coordinator Tusome organization Turkana central sub-county in Turkana County and field Archpriest in the Orthodox Church in Turkana County. He is an Educationist having being born and educated in ASAL areas. In education spheres and for the last twenty years, the founder has implemented the following projects: taught in schools, built schools, constructed boreholes, offered scholarships, feed children, preached the gospel to the poor in ASAL areas, offered guidance and counseling, clothed the naked, trained teachers and parents. Due to this, the founder has come up with a vision and mission of establishing a sustainable Non-profit making organization which is registered under the Co-ordination Act, 1990 of Kenyan Law. The organization is triggered towards enabling education in difficult circumstances such that learners and teachers who are lacking teaching learning materials are provided as well as training on the sustainability of the materials. This will prevent school dropouts, early marriages and support for gender equality as parents from difficult circumstances are not able to provide due to economic effects of environment and climate change characterized by erratic rains.</p>
About board, staff, and volunteers	The PauLoF organization was started by a team of young active residents from many parts of Turkana County who form the board and members. The organization objectively contracts some of the staff who possesses specific qualifications to perform certain roles or duties. The organization welcomes likeminded individuals, private sector, NGOs and institutions as well as internationals to volunteer in any capacity.
